Alley,	al.	East,	E.
Avenue,	av.	West,	W.
Carondelet,	Cardt.	Place,	pl.
Central,	Cent.	Road,	rd.
Court,	ct.	South St. Louis,	S. St. L.
North,	N.		

EXPLANATION.

Market Street and Laclade Avenue is the dividing line of all streets crossing them. North of this line are North Main, North Second, etc.; south, South Main, South Second. The numbering of all houses fronting on public streets is arranged as follows: The odd numbers apply to the north and west sides of the streets, and the even numbers to the east and south sides.

The general rule is that one hundred numbers shall represent each block, going westwardly from the Wharf, and a like number for each block north and south from Market Street and Laclade Avenue. In order to find the location of any particular street, place or avenue, you will find, by the references to the name, it begins at No. _____ Street, and ends at No. _____ Street. Thus, Allen Avenue commences at 2991 South Broadway, and runs west to 2999 California Avenue.

To find the location of any given house, say 1412 Pine Street, by referring to this Directory (see Pine) you will find that 1400 is on the southwest corner of N. Fourteenth, and 1500 on the southwest corner of N. Fifteenth; consequently the number you seek is between N. Fourteenth and N. Fifteenth on the left-hand side as you proceed west. The number opposite each street is the first number of each block. When blank spaces occur in the columns of numbers, the streets are not numbered.

A. N. to S. from 3201 Eich- elberger to 3400 Walsh, 1 street east of Morgan Ford Road.	Hawthorne boul. Old Manchester rd. 4500 4501 King's Highway Boul- vard.	Balwar av. 600 601 Gypsy 650 ...
