March 9, 1975. The one-minute minimum charging period still applies on calls dialed direct from residence or business telephones. While charges for most short- and medium- distance interstate dial-direct calls will increase, some longer-distance calls of this type will decrease.

Discounts of 35 and 60 percent continue to apply on all calls dialed direct during "Evening" and "Night & Weekend" periods, respectively. "Evening" rates will continue to apply on five legal holidays: New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day.

For calls requiring operator assistance— collect, credit card, coin, hotel guest, third party and person-to-person—the rates will go up, reflecting sharply increased costs. The present three-minute minimum charging period on these calls will be retained, and rates will remain the same throughout the day and night. The 35 and 60 percent discounts will apply to additional minutes of these operator-assisted calls.

Examples illustrate the new interstate Long Distance rates in three sample mileage bands:

Local One-Minute Rates		Interstate Operator-Assisted Three-Minute Rates		
35% Discount Evening	60% Discount Night & Weekend	Mileage of Call	Station-to-Station at All Times	Person-to-Person at All Times
20¢	12¢	23-30 miles (Hartford, Conn./Springfield, Mass.)	\$1.00	\$2.00
32¢	20¢	431-925 miles (New Orleans, La./Detroit, Mich.)	\$2.05	\$3.15
35¢	21¢	1911-3000 miles (New York, N.Y./Los Angeles, Calif.)	\$2.25	\$3.55

Additional minutes for operator-assisted calls are charged at the lower dial-direct rates. Rates quoted do not include tax.
